Scenic Byway Hokkaido

○Scenic Byway Hokkaido is an initiative in which local communities and governments work together, using roads as a catalyst, to create beautiful landscapes, vibrant communities, and attractive tourism areas.Launched in fiscal year 2005, it currently features 15 designated routes and two candidate routes, with approximately 500 organizations participating.

○The area under our jurisdiction falls within the Niseko Youtei Area of the Shikotsu-Toya-Niseko Route.

Hokkaido Marine Vision

○This long-term vision defines the future direction for a vibrant fisheries industry and fishing villages in Hokkaido. It aims to preserve and further develop Hokkaido's role as a major base for Japan's seafood supply through collaboration among diverse stakeholders and effective use of local resources.

○Throughout Hokkaido, fishermen, residents, relevant organizations, and government bodies have established councils to promote various initiatives based on the "Regional Marine Vision." This vision serves as a regional revitalization strategy centered on the fisheries industry and contributes to realizing the broader Hokkaido Marine Vision.

"The Beauty of Our Village - Hokkaido" Campaign

○To further enrich Hokkaido's rural and fishing communities and the agriculture, forestry, and fisheries industries that support them, the "Our Village is Beautiful – Hokkaido" Campaign was launched in 2001.

○At the 11th contest, 12 organizations (including 2 Grand Prize winners) were selected for Excellence Awards, and 18 organizations received Encouragement Awards from among 63 entries across Hokkaido.

☆[Grand Prize]Excellence Award☆ Bikuni-Beautiful Sea Creation Council Yobetsu-Umi KUG kumitai Sea Creation project) (Shakotan Town)

☆Encouragement Award☆ Shiribeshi Women's Gathering (Shiribeshi Subprefecture)
