秀逸な道 Scenic Byway Hokkaido "Excellent Road"

Road along the beautifully changing ridge line of Mt.Yotei Shikotsu-Toya-Niseko Route (Niseko-Yotei Area) https://roads.scenicbyway.jp/index.html

Scenic Byway Hokkaido

○Scenic Byway Hokkaido is an initiative in which local communities and governments work together, using roads as a catalyst, to create beautiful landscapes, vibrant communities, and attractive tourism areas.Launched in fiscal year 2005, it currently features 15 designated routes and two candidate routes, with approximately 500 organizations participating.

○The area under our jurisdiction falls within the Niseko Youtei Area of the Shikotsu-Toya-Niseko Route.

Hokkaido Marine Vision

○This long-term vision defines the future direction for a vibrant fisheries industry and fishing villages in Hokkaido. It aims to preserve and further develop Hokkaido's role as a major base for Japan's seafood supply through collaboration among diverse stakeholders and effective use of local resources.

○Throughout Hokkaido, fishermen, residents, relevant organizations, and government bodies have established councils to promote various initiatives based on the "Regional Marine Vision." This vision serves as a regional revitalization strategy centered on the fisheries industry and contributes to realizing the broader Hokkaido Marine Vision.
