Moiwasanroku-Jozankei Route, Sapporo Scenic Byway Recommended Information

The charm of National Highway 230

This national highway passes through Shikotsu-Toya National Park. It features a lush green environment and also runs through downtown Sapporo, through the Jozankei hot spring resort, and over Nakayama Pass, ending at Lake Toya. Mountains over 1,100 m high, including Mt. Sapporo and Mt. Yoichi, which look different in each season, can be seen from the route. Orchards and farms spread from Misumai to Toyotaki, growing strawberries, cherries, blueberries, eggplant, peppers, tomatoes and more. Some orchards are popular among tourists for fruit-picking. In addition, the Jozankei hot spring resort is appreciated as a place to enjoy refreshing summer and autumn colors. Why not drive National Highway 230 to marvel at the charms of the four seasons and the splendor of nature?

Because of the pandemic, the information on this map may not be current. We recommend that you confirm the availability of the listed activities.

This restaurant next to the winery at the foot of Mt. Hakken reopened in February 2024 after renovations. The concept is set meals that may go well with wine. The small dishes, made with local ingredients, and the miso soup, made with lots of ingredients, are very popular. Enjoy your meal while appreciating the beautiful vineyards and Mt. Hakken.

Tips for driving in Hokkaido

In Japan, you must always drive on the

left side of the road. Tips for winter driving Snow blown up by large vehicles reduces the visibility. When you're overtaken by

Oncoming cars driving straight and turning left have right of way in principle. Right-turning cars must wait for oncoming vehicles to go through/past before turning.

Never fail to stop when a traffic light is red.

When a traffic signal is red, not only cars going straight but also ones turning left must stop.

Obey arrow traffic lights. Although a traffic light is red, cars which

are turning in the direction of a green arrow traffic signal may make a turn.

Pay attention to no passing zones!

Always pay attention to speed limits! Legal speed limit is 60 km/h!

Speed limits on roads without traffic signs are 60 km/h on public roads and 100 km/h on expressways.

Bring your car to a complete stop at stop signs and

In Japan, you must stop your car at stop signs, and it is a traffic violation not to stop completely. Drivers must also stop in front of train crossings.

Never drink and drive!

passing zones.

Not drinking and driving is obvious but please note that sober passengers who travel with a driver who has been drinking, and who may have encouraged the driver to drink will also be punished.

Do not pass in the no passing zones.

Unbroken vellow center lines indicate no

using mobile phones.

Drivers are prohibited from Drivers are prohibited from talking on a cellphone and from looking at a cellphone.

Guide to National Highway 230

ONational Highway 230 Running Through Shikotsu-Toya National Park

OSenkyo Shelter commands the beauty of the valley

At first glance, you may think it is a tunnel. As a matter of fact, it is a type of snow shelter that protects roads from avalanches. There is no pillar on the valley side of the facility to have drivers enjoyed the scenery. Must-see panorama of the beautiful valley!

OUniquely designed Tsubetsu Tunnel as a result of pursing functionality

A tunnel shaped like a crocodile with its mouth wide open. This is a form that has finally been reached through many trials and errors to have the snow accumulated on the tunnel roof fall on both sides. Please try to find it while driving.

Scenic preservation on the Itawarizawa Section of Rt.230

On the Itawarizawa Section, trees were planted in commemoration of road widening been working completion. Local people and the road administrators have been working together since 2016 to preserve this beautiful tree-lined scenery.
